

Electric pedestrian stacker model EGV PSH

Capacity 1200 - 1600 kg,
fork height max. 5000 mm

Ideal for stacking and transportation of palletised loads within a warehouse environment for long haul and high work load applications.

Features

- Multifunctional control handle for easy handling. The electric pallet lift truck will automatically be slowed down if the control handle is no longer in the users hand.
- Reliable impulse control for stepless regulation of drive speed.
- Compact electric-hydraulic lifting device and overload protection.
- Finely metered lowering of load through pressure relief valve and adjustable lowering valve.
- Mast welded from precision profiles, fork carriage with maintenance free guide rollers.
- Solid frame with one drive wheel and two load and two guide rollers.
- Battery size depends on the type of application.

Options

- Drivers platform
