

Fork Mounted Spreader Beam

This fork mounted lifting beam allows wide or long loads to be handled safely. The Attachment is slid straight onto the forks of the truck and retained via heel fixing.

| Model Ref | Load Capacity (kg) | Load Centre (mm) | Max Fork Size (mm) | Max Fork Spread (mm) | Length Weight (kg) |
|---------------|--------------------|------------------|--------------------|----------------------|--------------------|
| FM-SPB-1-2000 | 1000 | 500 | 140 X 50 | 676 | 2000 |
| FM-SPB-2-2000 | 2000 | 500 | 140 X 50 | 676 | 2000 |
